KEEP THE NY
NATIONAL GUARD HOME

JOIN US!

Peace Action Bay Ridge will mark the Sixth Anniversary of the Iraq War by gathering petitions to our Governor to keep our New York State National Guard home.

NYSAVETHEGUARD is part of a national campaign to defederalize the National Guard, to stop deploying our state militia to Iraq. The New York State National Guard must be at home to protect its residents in a time of local disaster. We need our National Guard at home and the equipment that has been needlessly sent overseas.
